

# CALL FOR PAPERS

**ICCM 2021**  
**Dec 02-03, 2021**  
**Sydney, Australia**

The International Research Conference is a federated organization dedicated to bringing together a significant number of diverse scholarly events for presentation within the conference program. Events will run over a span of time during the conference depending on the number and length of the presentations.

ICCM 2021 : International Conference on Cardiovascular Medicine is the premier interdisciplinary forum for the presentation of new advances and research results in the fields of Cardiovascular Medicine. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- |                                   |                                   |
|-----------------------------------|-----------------------------------|
| Angiology                         | Cardiovascular Imaging            |
| Arrhythmia and Cardiac Surgery    | Cardiovascular Industries Market  |
| Atherosclerosis and Clinical      | Research                          |
| Cardiology                        | Cardiovascular Medicine           |
| Cardiac Devices                   | Cardiovascular Nursing            |
| Cardio-Oncology                   | Cardiovascular Rehabilitation     |
| Cardiovascular Alternative        | Cardiovascular Surgeries          |
| Medicine                          | Cardiovascular Testing            |
| Cardiovascular Case Studies       | Clinical trials in Cardiology     |
| Cardiovascular Disease Prevention | Coronary artery diseases          |
| Cardiovascular Disease Treatments | Interventional Cardiology         |
| Cardiovascular Diseases           | Molecular and Cellular Cardiology |
| Cardiovascular Genetics           |                                   |
